Criteria for Reviewing GER Course Assessment Reports

ALL GER COURSE ASSESSMENT REPORTS MUST MEET THE FOLLOWING CRITERIA

<i>Criteria for Assessment Report</i>	Yes	No	Comments
1. Are the GER category objectives current and complete?			
2. Are the GER learning outcomes the ones currently approved for the course?			
3. Is there a means of evaluation for each outcome?			
4. Are the means of evaluation appropriate for measuring student achievement of each outcome?			
5. Does the summary of evaluation results satisfactorily report on the assessment data for all learning outcomes?			
6. Does the generalization satisfactorily address what the teacher has learned about the effectiveness of the course AS a GER course (including successes and areas for improvement)?			
7. Does the report describe any changes for improving the course and/or assessment of the course that have been implemented since the last report (N/A if this is first report)?			
8. Does the report propose changes growing out of the generalization for improving the course and/or assessment of the course as a GER course?
