

Styles of NC State Photographers

AN EXHIBIT OF THE PHOTO CLUB

WITH THANKS TO THE CRAFTS CENTER AT NC STATE • THE NCSU STUDENT MEDIA • STUDENT GOVERNMENT

MARCH 1 - APRIL 17, 2010

Photo by Jonathan Stephens, senior, graphic design

“Photographers deal in things which are continually vanishing and when they have vanished there is no contrivance on earth which can make them come back again.” — Henri Cartier Bresson

The art of photography made possible through the medium of a camera. Seeking to fully utilize its potential and ours. Becoming one with our tool—it becomes an extension of ourselves. We feel amiss without one, and see the world in framelines and rules of thirds.

Join us to seek that vision, to connect our world in ways beyond words, with color, or the lack of it, people, or the lack of people, depth or depth of field.
