

Socratic Seminar

Exit Ticket

In order to leave today, you must first complete this exit ticket. It will show me how well you have “dug” into the seminar and unearthed your own treasure-filled suitcase.

A. Explain three things that you learned today--things that you hadn't already thought of before you came or didn't already know.

B. Being very specific, tell me two things you would like to research to find out more about.

C. Write one question you have about anything that came up during the seminar.
