# Graduate Course Work Completed & Proposed

1. You need at least 30 credits of coursework. You may use a total of 12 credits of graduate level coursework from another university with the approval of the DGP and your advisor.
2. Include CH 610G if you took it and got an S. If you did not, leave term/grade blank
3. Include two semesters of CH 601 (the department requires you to register for CH 601 until your 4<sup>th</sup> semester but the Graduate School only allows two semesters on your POW). You need a grade of S for it to count. If you received a grade of U, do not include on your POW
4. Include up to six credits of CH 695 in which you received an S grade
5. Include six graded courses
6. Complete the remaining credits with CH 693 until you have a total of 30 credits or more. Do NOT include CH 696 or CH 699
7. If a course is not applicable to you, cross it out.

Type	Term	Course	Credits	Grade
Intro to Grad Studies		CH 610G	2	
Seminar		CH 601	1	
Seminar		CH 601	1	
Master's Thesis Research		CH 695	6	

---

### **Graded Courses** (6 minimum)

---

### **Research**

Unsupervised Research		CH 693		
-----------------------	--	--------	--	--

---

### **Additional Courses** (if any)
