*\*The Graduate School will appoint a representative unless any one of your committee members is from a department outside of Chemistry or if you choose to find your own representative.*

# Graduate Course Work Completed & Proposed

I have a previous MS in Chemistry or related discipline (CIRCLE):      YES      NO

1. You need at least 72 hours (or 54 hours if you have a previous MS). If your MS is from NCSU you may use up to 36 hours from that degree if approved by the DGP and your advisor
2. Include CH 610G if you took it and got an S. If you did not take it, leave term/grade blank.
3. Include two semesters of CH 801 (the department requires you to register for CH 801 until your 7<sup>th</sup> semester if you have a previous MS or your 9<sup>th</sup> semester if you only have a BS/BA, but the Graduate School only allows two semesters on your POW). You need a grade of S for it to count. If you received a grade of U, do not include on your POW
4. Include three credits of CH 893 in which you received an S grade (only for one semester).
5. Include six graded courses (unless you have a prior MS and your advisor and the DGP have waived some of these courses. If so, leave some of these blank)
6. Complete the remaining credits with CH 895 until your total hours add to 72 or 54 (if you have a previous MS). Do NOT include CH 896 or CH 899
7. If a course is not applicable to you, cross it out.

Type	Term	Course	Credits	Grade
Intro to Grad Studies		CH 610G	2	
Seminar		CH 801	1	
Seminar		CH 801	1	
Supervised Research		CH 893	3	

---

**Graded Courses** (6 minimum unless you have a prior MS and approval from the DGP)

---

**Research**

Doctoral Diss Research		CH 895		
Doctoral Diss Research		CH 895		
Doctoral Diss Research		CH 895		
Doctoral Diss Research		CH 895		
Doctoral Diss Research		CH 895		
Doctoral Diss Research		CH 895		

---

**Additional Courses** (if any)
