September 17, 2008

TO: Dr. John Blondin

SUBJECT: NCSU Resolutions

I have forwarded your emails and letter dated September 11, 2008 to the Executive Committee of the Sigma Xi Board of Directors. The members of this committee of the Board have reviewed the actions of the Committee on Resolutions, reviewed the committee's response to you, consulted the Society constitution and studied Robert's Rules of Order, Newly Revised (RONR, 10th Edition). I have been requested to inform you that the members believe that the Committee on Resolutions has acted within the parameters set forth in our bylaws, our standard operations practice and as deemed appropriate under RONR. Furthermore, the executive committee has fulfilled its role correctly as well.

Under these instructions from the executive committee I will not post the NCSU resolutions 60 days prior to the Assembly of Delegates as you have requested. You may request that the entire board address the issue at their next meeting which will be November 19-20, 2008.

Sincerely,
Jerry Baker
Executive Director
