

Amendment No. 01
Contract No. 98-1783

The MASTER AGREEMENT FOR SERVICES FOR RESEARCH AND DEVELOPMENT AND TRAINING PROJECTS entered into by the North Carolina Department of Transportation and North Carolina State University on July 8, 1998 is hereby modified as follows:

Section 4.g, page 7, shall read:

Indirect cost charges will be made by the University for a rate of twenty (20) percent of eligible modified total direct costs. Modified total direct costs will be determined from all actual expenditures except those for non-expendable equipment and graduate student in-state tuition. Administrative costs for the University on subcontracts issued outside North Carolina State University, including pass-through subcontracts, shall be limited to twenty (20) percent of the first \$25,000 of eligible modified total direct costs. For multi-year projects, an administrative cost can be charged for each subsequent fiscal year based on the approved budget for that fiscal year. At the Department's discretion, private consulting firms used as subcontractors shall be permitted to use their approved audited indirect costs rates. This indirect cost rate and administrative cost shall be effective for all new project authorizations with a start date on or after January 1, 2000.

All other terms and conditions in the Master Agreement remain unchanged.
