Subject: USDA NRICGP Indirect Cost Rate Rises

Colleagues,

Effective immediately, the F&A rate for USDA National Research Initiative Competitive Grants Programs is 20% on Total Federal Funds provided (25% on the Total Direct Costs). Please distribute to your relevant faculty, staff and administrative officers.

Sincerely,

>> Yes, you may. Congress, in our Appropriations for FY 04, raised the
>limit on indirect costs for competitive programs from 19% to 20%. If
>you've already submitted a proposal using the 19% and that proposal is
>selected for funding, our office would contact you when we start the
>award process to see if you want to revise the budget to take the
>allowable 20%. If you have not already submitted the proposal, you can
>save time and effort and use the 20%.
