

Spring 2010 Catalogue of Academic Opportunities for University Scholars

This catalogue includes information on courses available for the Spring 2010 semester. Honors sections (designated with an “H” suffix) of regularly scheduled courses are available to all students at NC State who meet the requirements for participation. Questions about these courses should be directed to the department offering the course.

University Scholars Registration Times:

- Junior Scholars: October 21 (enrollment appointments from 8am—10am)
- Sophomore Scholars: October 27 (enrollment appointments from 8am—11am)
- Freshman Scholars: November 2 (enrollment appointments from 8am—11am)

Early Registration Policy

University Scholars currently classified as freshmen, sophomores or juniors will be able to register early on the date noted above. Your registration window is determined by your current class status, as defined by the Department of Registration and Records.

Important Note: The USP Advisory Committee has determined that early registration privileges will be granted only to those USP students who meet one of the following criteria:

1. Students currently registered for Scholars Forum, or who have already completed three semesters of Forum;
2. Students currently registered for approved coursework (which may include: an Honors section of a course (with an “H” suffix), a First-Year Inquiry course (with a “Q” suffix), an Honors Contract course, or a 500-level graduate course);
3. Students who have already completed 15 hours of approved coursework but are still classified as freshmen, sophomores or juniors.

NOTE: If you have difficulties registering for a particular course, please compare the course information with that provided on-line at:
<http://www.ncsu.edu/registrar/courses/index.html>

Courses Approved for USP Requirements: Spring 2010
