Academic Plan

To successfully complete the program, University Scholars must:

1. Complete 3 semesters of Scholars Forum with a grade of Satisfactory ("S").
2. Complete 12 credits of approved coursework, which can include Honors sections ("H" courses), First Year Inquiry courses ("Q" courses), 500-level courses, and Honors Contract courses, with at least a B- in each course. Up to six credits of study abroad coursework can also be used in partial fulfillment of this requirement. (More information about these courses is available on the USP website at www.ncsu.edu/univ_scholars/current/courseInfo.html)
3. Graduate with an overall Grade Point Average (GPA) of 3.25 or better.

As an upperclassmen, you will have less time to complete the academic requirements of the program. For that reason, we would like you to consider how and when you would complete these requirements. We encourage you to look at the list of honors courses being offered next semester (available at the link listed above) and talk with your academic advisor. For example, are there any honors courses being offered that appeal to you? Do you plan on doing a departmental honors program, like CALS Honors? Do you plan on studying abroad? Would you like to do an honors contract in one or more of your classes?

Create a plan for how you would complete the USP course requirements during your remaining time at NC State, and record it below. Remember to include any honors or first year inquiry courses you have already taken, since they will count towards your 12 credits of approved coursework.
