

Sustaining ecological and economic diversity among limited resource landowners by expanding opportunities for management of productive woodlands

A joint project of North Carolina State University and North Carolina A&T University
Funded by the USDA Sustainable Agriculture Research and Education Program (SARE)

Family Forest Heritage Day

When: April 1, 2005

Where: Southside Virginia Community College in Alberta

Time: 10:30a.m. – 3:15p.m.

Lunch: Provided by Mortay's

Who: All forest and woodland owners are invited.

Presentations by agencies, private foresters, and landowners.

What You Will Learn:

1. The many values of your forest, and forestry as a use of retired fields.
2. Programs that share your costs of forest management.
3. Sources of assistance to help you plan your forests' future.
4. How others have been successful.

Please let us know if you will attend this **FREE** event, by calling Virginia Cooperative Extension–Brunswick County Office 434-848-2151.
