

WHITE HOUSE PHOTOGRAPHER

Sharon Farmer

COMMISSIONED DURING THE CLINTON ADMINISTRATION

Sharon Farmer has witnessed history unfolding, capturing on film many of the best-known photographs of the Clinton Administration. Some of her most memorable photos are the famous handshake between the late Prime Minister Yitzhak Rabin and Yasser Arafat; the President and Mrs. Clinton witnessing the launch of the Space Shuttle Discovery with Astronaut John Glenn on board. Sharon Farmer encourages aspiring photographers to know that "you should challenge yourself daily. The more you do, the more you know yourself. Knowing yourself is very important. Never turn down a chance to show what you can do, because it's the littlest things that lead to bigger things."[†]
