A National Leader in Attracting Sponsored Research

› One of only two universities in the nation leading two National Science Foundation Engineering Research Centers: the FREEDM Systems Center, researching smart-grid technology; and the ASSIST Center, developing wearable, self-powered health monitors

› NC State leads seven federally funded collaborative institutes, including:
  › $140 million PowerAmerica initiative, developing an advanced power electronics manufacturing sector for the Department of Energy
  › $60 million Laboratory for Analytic Sciences, studying data analytics for the National Security Agency
  › $25 million Consortium for Nonproliferation Enabling Capabilities, combating the spread of nuclear weapons for the National Nuclear Security Administration

Rising Levels of External Support

› $162.6 million in gifts and new commitments for FY16; 82 percent growth since 2010

› Gift receipts rose nearly 7 percent over last year to $129 million, topping $100 million for the fifth year in a row

› A $5 million gift created an endowment for the Albright Entrepreneurs Village and provided support for the Shelton Leadership Center and the Entrepreneurship Initiative

Athletic Achievement

› The football team scored a 41-17 victory over Vanderbilt in the Independence Bowl

› Five Wolfpack athletes competed in the 2016 Olympics, and swimmer Ryan Held won a gold medal for the United States in the 4x100 relay

› Five athletics department programs finished the 2015-2016 academic year in the top 11 of their respective national polls, and nine teams finished ranked in the top 25

› NC State’s student-athletes also excelled in the classroom, posting the department’s highest-ever rates of graduation success and academic progress

Interdisciplinary Partnerships That Make a Difference

› Eastman Chemical, LexisNexis and ABB are among our on-campus partners benefiting from next-door proximity to NC State faculty, staff and students

› NC State’s Supply Chain Resource Cooperative, Entrepreneurship Initiative and Nonwovens Institute combine academic scholarship with real-world experience to create knowledge, teach students and benefit partners

› NC State’s expertise in biomanufacturing, nonwoven textiles and clean energy stimulates formation of industry clusters, drawing companies and jobs to North Carolina

NC State’s Centennial Campus

A national model for partnership-driven research campuses

› Centennial Campus is a public-private research campus where 70+ corporate, government and nonprofit partners work alongside 70+ NC State research and academic units.

› The campus is also home to the College of Engineering, the College of Textiles, the College of Veterinary Medicine and the Institute for Emerging Issues, a think tank focused on tackling big issues that affect North Carolina’s prosperity.

› Centennial’s Office of Technology Commercialization and New Ventures helps faculty and entrepreneurs transfer discoveries from the lab to the marketplace.

› The Technology Incubator supports high-tech startups by facilitating unparalleled access to world-leading researchers.

› The James B. Hunt Jr. Library, winner of the prestigious Stanford Prize for Innovation in Research Libraries, is one of the most technologically advanced learning and collaboration spaces in the world.
